

To the Ranft for peace!

Flueli-Ranft is the ravine - home of the 15th Century Swiss hermit and national saint, Brother Klaus. He called on people to “always look towards peace” and he himself facilitated and contributed to peace in Europe.

On June 15-16, the international “Conference on Peace in Ukraine” will take place in central Switzerland at the Bürgenstock, Nidwalden, 15 miles from Klaus' home.

We invite all peace seekers to virtually "walk" with us from Stans, Nidwalden to the Ranft as a sign of support for the good work of the conference. The online event includes live input, quiet reflection, and time to hear other participants' reflections.
